

# TEXAS RESEARCH DATA CENTER CONSORTIUM

**2:00 PM - 3:00 PM | Thursday, December 4, 2025**

**In Person - John Peace Library | Assembly Room | 4.04.22**

Representatives from the Federal Statistical Research Data Centers (FSRDCs) will discuss the resources available to faculty and postdocs. UTSA is a member of the Texas Research Data Center (RDC) Consortium through which researchers may access the secure computing lab located at Texas A&M University, College Station.

Qualified researchers with approved projects perform statistical analyses using restricted access data sets. Projects are hosted on the national RDC network, which is maintained by the U.S. Census Bureau. For a description on of FSRDCs, see: <https://www.census.gov/about/adrm/fsrdc.html>

The FSRDCs offer access to restricted data from the U.S. Census Bureau and other partnering agencies, such as the Agency for Healthcare Research and Quality, Bureau of Economic Analysis, Bureau of Labor Statistics, National Center for Health Statistics, and National Center for Science and Engineering Statistics. For more information about the datasets, go to: <https://liberalarts.tamu.edu/txrdc/datasets/>

For TXRDC funding opportunities, see: <https://liberalarts.tamu.edu/txrdc/funding-opportunities/>. In addition to the webinar, one-on-one meetings also can be arranged with Drs. Joseph Lariscy and Karin Johnson.

**Presented by:**

**Karin Johnson**

Administrator, Texas Federal  
Statistical Research Data Center

**Joseph Lariscy**

Interim Director, Texas Federal  
Statistical Research Data Center

**REGISTRATION IS REQUIRED:**
