

Five-Year Tenure Plan

1:00 pm - 2:00 pm | Tuesday, April 28, 2026

Virtual: Zoom

Presented by: Idalis Villanueva, PhD., The Menon Branch

Faculty who are starting in their tenure and promotion processes often struggle with crafting a five-year plan. The absence of said plan can impact how expectations are met, how impact is documented and how tenure and promotion is reviewed. This workshop will help early career faculty to craft a 5-year plan and communicate their focus areas of expertise in ways that are impactful and success driven.
