

SPACE TECHNOLOGY STUDENT POSTER DAY

**BSE Atrium
1.100**

Biotechnology Sciences and
Engineering Building

**Wednesday
October 7, 2026
11 AM - 1PM**

Join us for an exciting day of innovation,
discovery, and exploration in space and
space-adjacent technology!

Hosted by the UT San Antonio Center for Space
Technology and Operation Research (CSTOR),
this event will highlight bold ideas from
student researchers shaping the future of
space!

Don't miss this opportunity to present your
poster, share your work, and connect with
others passionate about space and technology.
Get inspired and explore what's next!
