

# HANDS-ON WORKSHOP FOR NEW FACULTY: **PLANNING A FUNDABLE PROJECT**

**2:00 pm - 4:00pm | Tuesday, November 14, 2023**

**VIA ZOOM**

Presented by: **Lucy Deckard**, Academic Research Funding Strategies

Consultant Lucy Deckard established Academic Research Funding Strategies, LLC in 2010. She has helped to develop successful proposals to NSF, NIH, the Department of Education, the Department of Defense, and other agencies and foundations, including proposals for large institutional and center-level grants.

We discuss how to articulate your project goals, research questions, objectives or aims, outcomes and impact in a way that will be compelling to your targeted funder. We will step through the process of planning the outline of your project, using that plan to write a one-pager or concept paper, and discussing it with your Program Officer.
