

HANDS-ON WORKSHOP FOR NEW FACULTY: PLANNING A FUNDABLE PROJECT

1:00 pm - 3:00 pm | Thursday, January 23, 2025

VIA ZOOM

Participants will walk through how to structure a fundable project, including articulating the project goals, developing research questions, and describing their main aims or objectives. This workshop will include a number of exercises for participants.

Presented by: **Lucy Deckard, Academic Research Funding Strategies**

Consultant Lucy Deckard established Academic Research Funding Strategies, LLC in 2010. She has helped to develop successful proposals to NSF, NIH, the Department of Education, the Department of Defense, and other agencies and foundations, including proposals for large institutional and center-level grants.
